Worldwide Threat Assessment

China We assess that Beijing will continue actively targeting the US Government, its allies, and US companies for cyber espionage Private-sector security experts continue to identify ongoing cyber activity from China, although at volumes significantly lower than before the bilateral Chinese-US cyber commitments of September 2015

Global value chains in a changing world

logistics operators, there is an increasing push towards consolidation into larger firms. Not everyone can handle the pressure for lower margins, higher costs and higher demands for service. Many have gone out of business. Li & Fung bought one company every three weeks in 2011, on average, because they found so many opportunities for expansion.
