### THE WAGE GAP: THE WHO, HOW, WHY, AND WHAT TO DO

Women's work is devalued because women do it • "Women's" jobs often pay less precisely because women do them<sup>29</sup> A study of more than 50 years of data revealed that when women moved into a field in large numbers, wages declined, even when controlling for ...

### WOMEN'S WORK AND WAGES

WOMEN'S WOEK AND WAGES<sup>1</sup> This is a very careful and interesting study of women's work in Birmingham, the great centre of a somewhat low-class work for women It is perhaps to be regretted that the name of Birmingham was not introduced into the title, in so far as it is a town quite unique from this point of view, and the description cannot

### **Minimum wages and women's work - WageIndicator**

argument that institutional arrangements for regulating low-wage work can reduce women's vulnerability to low pay These authors indicate women's low pay by (a) the advantage of male wages over female (the gender wage gap) in the lowest decile (10%) of the wage

### **The Work and Wages of Single Women, 1870-1920**

IN the history of women's labor market experience in the United States the half-century from about 1870 to 1920 was the era of single women' Fully 75 percent of the white female labor force in 1890 and 1900 were single; fewer than 10 percent were married But by the late 1920s married women comprised over 25 percent of the female work force

### **"Women's work" and the gender pay gap**

women's and men's wages without assuming that women, who still shoulder a disproportionate amount of responsibilities at home, would be able or willing to work as many hours as their male counterparts Examining the hourly gender wage gap allows for a more thorough conversation about how many factors

### **Women paid low wages: who they are and where they work**

Women paid low wages: who they are and where they work wages Even among women who were of prime working age (those between the ages of 25 and 45), 31 percent worked in jobs that paid low wages (See table 1) Of course, low wages may not necessarily relegate these women to a life of deprivation: women who receive low wages may live in

### **Women, War, and Wages: The Effect of Female Labor Supply ...**

women, war, and wages 499 over the age of 15 were in the labor force Despite these epochal changes in women's labor force participation, economists currently know relatively little about how female labor force participation affects the structure of male and female wages The relative scarcity of convincing studies on this topic reflects the

### **LOW-WAGE JOBS ARE WOMEN'S JOBS: THE ...**

women are still far more likely than men to work for low pay Although women make up just under half of the overall workforce, they make up nearly six in ten workers in the low-wage workforce (ie, in jobs that typically pay less than \$11 per hour)<sup>1</sup> And the lower paid the job, the greater women's

### **Women's Work and Wages in the United States**

202 QUARTERLY JOURNAL OF ECONOMICS The census of 1910 shows a total of 7,608,000 ' female wage earners as compared with 5,319,000 in 1900 This is an increase of 43 per cent In the same decade the number of females 10 years of age and over had

### **WOMEN'S WORK AND WAGES**

YOUNG WOMEN OF COLOR AND LOW-WAGE WORK experiences with low-wage work Uprooting low-wage work and other structural barriers demands turning over the ground to reveal these root causes, partnering with young women of color to identify solutions, and seeding change in equitable ground In 2016, approximately 24% of workers in the United States earned poverty-level wages<sup>1</sup>
